

Monitoring Violations Annual Notice – Template 3-1A

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for Mary F Janvier School (NJ0805426)

Our water system violated drinking water requirements over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we are doing (did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During July 2023 to September 2023 the Laboratory did not monitor or test for Total Coliform and therefore cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant we did not properly test for during the last year, how often we are supposed to sample for total coliform, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken if applicable.

Analyte	Required sampling frequency or sample period	Number of samples taken	When samples should have been taken	When samples were taken
Total Coliform	Quarterly	0	07/01/2023 to 09/30/2023	November 07 and 14, 2023

What is being done?

We will continue to monitor the certified laboratory and send them, timely notices to maintain their normal calendar testing on analyzing for Nitrates monitoring.

For more information, please contact Sweetwater Environmental Mgt at 856-205-1999.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Mary F Janvier School Water System ID#: NJ0805426.

Date distributed: February 13, 2024
